Dream Whip will be the only Wii game designed to please the 'Wii Sports' crowd and this is a pretty big crowd. Dream Whip will be using the same advanced motion control technology that the next generation Nintendo console will be using. That technology includes 6 degrees of freedom and the ability to translate those degrees of freedom into a natural motion control that players can use easily. The ability for users to have a more natural hand control is something that Nintendo has claimed for its next-generation console, the Wii, since its conception. It will be interesting to see what this technology results in for Nintendo. This technology is called the Wii MotionPlus. Check out a video demonstration of the Dream Whip Wii Motion Plus Experience at: Details on Dream Whip and Dream Whip Wii Motion Plus Experience: Dream Whip: Dream Whip is a 'Table Tennis' style game with the addition of flying on various flying discs. 20 levels, more than 20 types of disc, improve your speed and control, 20 levels, more than 20 types of disc, improve your speed and control,
